Matthew A. Weissman, MD, MBA, FAAP
Chairman, Department of Medicine

Hello,

Thank you for your interest in the Internal Medicine Residency Program at Maimonides Medical Center!

Our program has operated continuously for over 70 years, training thousands of internists. Our residents support a diverse and complex mix of patients. (You may know that Brooklyn would be the third largest city in the US—and Maimonides is exactly the leading hospital that you would expect to care for its community in a city of that size). Upon graduation, you will be adept at caring for the sickest of the sick, both on inpatient wards and in outpatient practices, and will be fully prepared for whatever professional path you choose - from a general medicine position to continued fellowship training.

Since arriving at Maimonides, I have been most impressed by my colleagues. Our faculty and trainees are an amazingly diverse, thoughtful, committed, and smart group of physicians who are deeply committed to teaching, learning, and patient care.

If you are looking for a program that combines strong tradition with clinical excellence, you have come to the right place!

Sincerely,

Matthew A. Weissman, MD, MBA
